Climate Change and Human Health Literature Portal

Loss of land could threaten health of Sami people

Author(s): Morris K Year: 2009

Journal: The Lancet. 374 (9683): 15-16

Source: http://dx.doi.org/10.1016/S0140-6736(09)61219-8

Resource Description

Exposure:

weather or climate related pathway by which climate change affects health

Ecosystem Changes, Glacier/Snow Melt

Geographic Feature: M

resource focuses on specific type of geography

Arctic

Geographic Location:

resource focuses on specific location

Non-United States

Non-United States: Europe

European Region/Country: European Region

Other European Region: Scandinavia

Health Impact: M

specification of health effect or disease related to climate change exposure

Cardiovascular Effect, Diabetes/Obesity, Mental Health/Stress, Other Health Impact

Mental Health Effect/Stress: Other Mental Disorder

Other Health Impact: Well-being

Population of Concern: A focus of content

Population of Concern: M

populations at particular risk or vulnerability to climate change impacts

Racial/Ethnic Subgroup

Climate Change and Human Health Literature Portal

Other Racial/Ethnic Subgroup: Sami

Resource Type: **№**

format or standard characteristic of resource

Policy/Opinion

Timescale: M

time period studied

Time Scale Unspecified
